**MAY & JUNE 2009**

**VOLUME 2, ISSUE 2**

## **Our Vision:**

The vision of Conflict Resolution Connections is to provide communities and families with affordable and efficient ways to resolve conflict, and transform relationships by increasing awareness, providing education/ training, positive communication skills and connecting families, individuals and communities.

People from different cultural backgrounds with different opinions, ideals, values, needs, expectations, styles, behaviors, and interests come together to form a team in the classroom. The difference each brings to the table has the potential for raising conflict. In today's schools, it is becoming more imperative for teens to value the importance of developing conflict management/conflict resolution skills within the classroom and in the community. Conflict Resolution Connections, LLC strongly believes that it is no longer a luxury, but has become a strategic requirement of all individuals to acquire conflict resolution skills in order to operate exceptionally in the workplace, military or higher education.

## **What Is Mediation?**

Mediation is a voluntary process in which two or more parties involved in a conflict work with a neutral party, the mediator, to generate their own solutions in settling their conflict. Mediation is about finding a solution that works for both parties.

## **What is the mediator's role?**

The mediator's role is to facilitate communication between the parties. Mediators do not advise, take sides or render a judgment. Instead, the mediator will work with all the parties to help them reach a mutually acceptable resolution.

RESOLVING CONFLICT WHILE  
CONNECTING FAMILIES ,  
INDIVIDUALS, AND  
COMMUNITIES.

## **Additional services we offer:**

**Individual, Family, Civil & Divorce Mediation**  
**Anger Management Sessions**  
**Domestic Violence Workshops**  
**Conflict Resolution**  
**Professional Development**  
**Parenting Classes**

### It's Back !! Peer Mediation Certification

Hello Colleagues,

Conflict Resolution Connections (CRC), is excited about offering our Peer Mediation training and certification. CRC's peer mediation program trains individuals, students, teachers and counselors to become successful Peer Mediators.

CRC is conducting a Peer Mediation Seminar that will certify participants as Peer Mediator. Once participants have received this certification they will be able to certify others as Peer Mediators. This is the certification that keeps giving. CRC's Peer Mediation program is a research based training.

The implementation of a peer mediation program has been shown to increase academic performance, student cooperation, assertiveness, self-esteem, communication and conflict resolution skills. Peer mediation and conflict resolution is an effective tool that each individual should have to address disputes and conflicts among youth.
