

***MTC Graduate Follow-Up Survey Prize Winner***  
***Submitted by, Andrea Hargreaves, Assessment Research and Planning***

Midlands Technical College graduate Robert Blalock won the random drawing among the participants of the 2006-2007 Graduate Follow-Up Survey. His prize was a \$100 check sponsored by the MTC Foundation.

Robert received a Rapid Prototyping Certificate from the Engineering Technologies program in the spring of 2007. He attended MTC to enhance his AutoCAD skills. He said one of the best things about the program was the quality of the faculty.

Robert worked in the field of AutoCAD drafting for companies such as Walt Disney Studios in Orlando, FL, and Southland Log Homes in Columbia, SC, prior to attending MTC. During his more than eight years at Walt Disney Studios, Robert worked as a feature animator, assisting in the creation and illustration of major films such as *Mulan* and *Brother Bear*.

Robert plans to continue his education at the University of South Carolina and complete a bachelor's degree in studio art.
