

Thank you for your interest in the Nuclear Medicine Technology (NMT) program at Midlands Technical College.

We host an Information Session each month, where we cover everything, you need to know about the program, including how to apply, register, and what courses are required.

You can find the session's date, time, and link on your MyMTC Student Bulletin Board.

Please note: Attending an Information Session is a required part of the application process.

****Before you attend the Information Session, complete this form below and email it to Mauren, kreiner@midlandstech.edu.**

Program Snapshot

The NMT program is a one-year advanced certificate program that requires full time commitment.

Clinical rotations are held Monday through Wednesday

In person lectures are on Thursday and Friday

The program runs from fall through the following summer

Classes are offered during the day only

If you do not currently hold a degree, do not worry. Our advisors will help create a plan to get you on track.

How to Get Started

Apply to the college

Meet with an academic advisor

Submit your transcripts so we can evaluate any transfer credits

Work with us to build a course plan that prepares you for NMT program eligibility

Application Requirements
