1. There is approximately a 2 year wait once on the “Interview Eligible List.”
2. If on Financial Aid, it is critical to complete the Pre-Health Certificate along with the Radiology Pre-requisites, i.e., BIO 210,211; ENG 101; MAT 102, CPT 101 or 170; PSY 201; AHS 102; Humanities.
3. Get on the waiting list ASAP! Several methods: (A) Take the HOBET test, see #4 below. (B) Finish the Pre-Health Certificate. (C) Waiver. (Request a waiver from the Program Director if you have a B or better average in 4-5 college credit courses). (D) SAT/ACT taken no longer than 3 years prior.
4. **TEAS V** scores needed: 60% overall; 70% in reading; 68% in math; 47% in science.
   Link to register for TEAS V: [http://www.midlandstech.edu/admissions/placement-tests/health-sciences-placement-tests](http://www.midlandstech.edu/admissions/placement-tests/health-sciences-placement-tests)
5. **MERIT Admission** is now in place for RAD students, check online for details and deadline dates. You must be on the “RAD Qualified Interview List” first. To increase your points you need to take AHS 127, AHS 131, and fill out the “Patient Contact Experience” form.
6. You cannot work full time and be a full time Radiology student. Save your money, most students do work part time (average 20 hours per week).
7. Class and clinical rotations take 40 hours per week. This does not count the study time needed at home.
8. Students must have certain physical skills to perform clinically. See Technical Standards in the information packet.
9. In the third – fifth semester of clinical rotations we will require trauma evening and weekend evening rotations. These rotations will be from 2:00 – 10:00 PM. You will have between 1-2 rotations of each per semester. These are scheduled in advance for you.
10. You must have a positive attitude and a good work ethic!
11. Be organized and have excellent time management skills.***
12. A radiography student is under pressure to complete tests, exams, and competency clinical exams by specific dates and times. Therefore, an applicant must be able to deal with stressful situations in a professional manner.
13. Criminal background checks and drug screenings are required prior to beginning the program. See Mrs. Massey if there are any questions. Failure to pass these screens could prohibit you from entering the program.
14. **DRESS & APPEARANCE REQUIRED FOR ENTERING CLINICAL SITES:**
   Applicants are responsible for reviewing the program’s policy and procedure manual which is found in the Library (on “reserve” at both Airport and Beltline) prior to applying and the interview. Applicants must meet all dress code requirements and personal appearance requirements found in the manual. Visible tattoos, body piercings (other than one pair of
earrings for females and none for males), gauges or holes in the ear lobes are not permitted. 

**Review Pages 31-34 in policy and procedure manual.**

15. **Be aware,** MTC policy states on page 122 of the catalog, under Pre-Health Care Certificate, “No course in the curriculum can be repeated more than once”. A “W” is considered an attempt. Please see page 156, “No course may be repeated more than once, no radiology course may be repeated.”

16. Students should have BIO 210 and AHS 102 prior to their interview. **They must have BIO 210 before being considered “interview eligible.”**

17. For the Program’s information and a “Packet of Information” please go to [www.midlandstech.edu/radtech/](http://www.midlandstech.edu/radtech/) click on “Program Information” to review program information.

18. For the program’s effectiveness information, please go to the program’s website at MTC and also to [www.jrcert.org](http://www.jrcert.org).
