Our most popular programs include:

Lean Six Sigma (LSS) Green Belt Fast-Track Training
This course provides trained Green belts with the tools and techniques they require to move up to Black Belt status. Green Belt candidates work through an actual LSS project during the training, ensuring the organization receives immediate payback on the additional training investment. The Center for Quality provides both training and project consultation to help ensure project success. Successful completion of the project is required for Black Belt Certification.

Lean Six Sigma (LSS) Green Belt to Black Belt Fast-Track Training
This course provides trained Green belts with the tools and techniques they require to move up to Black Belt status. Black Belt candidates work through an actual LSS project during the training, ensuring the organization receives immediate payback on the additional training investment. The Center for Quality provides both training and project consultation to help ensure project success. Successful completion of the project is required for Black Belt Certification.

Lean Six Sigma (LSS) Black Belt Fast-Track Training
Black belts, the leaders of LSS project teams, receive 20 days of training in four, five-day blocks spread over a five-month period. Green Belt candidates have the option of completing an actual LSS project during the training to help ensure payback on the training investment if a project is undertaken, the Center for Quality provides project consultation.

Top reasons you should attend the Center for Quality at MTC:

Managers
•  Faster customer service response time
•  More robust product development
•  Improved supplier quality
•  Reduction in customer complaints

Manufacturers
•  Reduced work-in-process and finished goods inventories
•  Increased customer satisfaction
•  Improved customer service closing rates
•  Streamlined internal communications
•  Reduced staff turnover

South Carolina training facility in beautiful Columbia, SC.

Courses are taught in a state-of-the-art facility.

Offers cost-effective solutions to train employees without incurring travel expenses.
•  Avoiding employee travel time and reducing expenses
•  Provides a more customized training experience
•  Meets your training schedule needs
•  Offers cost-effective training while avoiding travel time and reducing expenses
•  Bring our expert instructors to you

Why settle for status quo when you can easily achieve higher productivity and quality levels after attending one of more than forty programs designed to help you outperform your competitors.

Join companies and organizations of all sizes, in all industries, that use the Center for Quality’s nationally recognized training and consulting services to cut costs, improve productivity and increase profits.

Ask us about:
•  Open Enrollment Training
•  On-Site Training
•  Customized Off-Site Training

Open Enrollment Training
•  Offers cost-effective solutions to train small numbers of employees.
•  Provides a perfect opportunity to participate in our productivity improvement courses.

On-Site Training
•  Bring our expert instructors to your location to provide remote assistance.
•  Ask us about our custom training program.
•  We can assist organizations in all areas of Quality and Productivity Improvement.

Facilities and Consultation Services
•  Our consultants will travel to your location to provide remote assistance.
•  We can assist organizations in all areas of Quality and Productivity Improvement.
•  Let our experienced industry experts work for you.
